

Regarding the proposal to expand LPFM service: Please consider the impact this will have on the public if LPFM is able to take priority over services such as K-LOVE, of which I am both a listener and a financial contributor. K-LOVE is a positive, family oriented station that benefits the local community by providing an alternative to many of the non family oriented stations which broadcast things such as the "Bob and Tom Show", or the "Howard Stern Show". As a parent, I rely on K-LOVE as a station my entire family can listen to together without having to be worried about the content. It is no big surprise that sex-based advertising sells, and if stations like K-LOVE were displaced by an LPFM broadcaster I am afraid that eventually that station would be compromised by corporate advertising. I truly believe it is in the public interest to keep stations such as K-LOVE on the air, offering diverse content from other stations by offering family friendly, positive broadcasting. Thank you for your consideration. Sincerely,

Bryan Forney
